

GRADUATE SCHOOL

Director of the Graduate School
 Graduate Recruitment Service Coordinator
 Administrative Specialist

The Albany State University Graduate School brings an institution-wide perspective to all post-baccalaureate endeavors. It establishes, through its faculty, a set of policies that define excellence in graduate programs, high quality in curriculum, exceptional student selection, and rigor in faculty appointments. The Graduate School staff assist graduate students and faculty in matters related to all aspects of graduate study. The Graduate School administers all graduate programs; screening and processing of all applications, serving as the primary contact for new students, monitoring academic standards, and ensuring compliance with all appropriate regulations at Albany State University.
