PUBLIC ADMINISTRATION (PADM)

PADM 5011. Public Administration: Scope, Development, and Ethical Environment. (3 Credits)
This is an introductory Public Administration course and it is expected to provide students with a broad based understanding of the field of Public Administration as a discipline and as a profession. Students will examine the historical and current perspectives and become familiar with practitioners in the field. This course is also designed to introduce the students to various issues concerning public administration ethics theory and how they apply to public managers, the polemics that abound, and suggestions that have been made for improving the bureaucratic environment. Upon completing the course, the students should be in a position to make sense out of the various seemingly unethical activities of public managers. The student should also be able to debate the many approaches to public administration law and ethics.

PADM 5126. Organizational Theory and Bureaucratic Behavior. (3 Credits)
This course is designed to introduce students to the complexities of managing people and understanding their behavior within organizations. To that end, it will examine the organizational dynamics in modern organizations, the evolution of organizational theories from the classic to the contemporary, the linkages and relationships between organizations and the behavior of human beings in organizational environments.

PADM 5200. The Administrative State. (3 Credits)
This course is an overview of public administration in relation to legislative, executive and judicial processes.

PADM 5202. Administrative Law. (3 Credits)
The legal aspects of the power and procedures of federal and state agencies in the judicial re-view of administrative actions are discussed.

PADM 5213. Legal Environment of Public Human Resources Management. (3 Credits)
This course examines the relationship between the law and the work environment with particular emphasis on the rights and protections that are provided to employees under the law as well as the court decisions that have impacted the rights and liberties of public and nonprofit sector employees.

PADM 5262. Public Human Resources Management. (3 Credits)
This course will help students to understand the historical, political, economic, social, legal and organizational contexts in which human resource management occurs in the public sector. It will also focus on the acquisition of skills, knowledge and abilities needed to execute HR functions including, but not limited to, recruitment, selection, strategic planning, compensation, training, professional development and sanctions.

PADM 5281. Intro to Public Policy. (3 Credits)

PADM 5300. Administration of Nonprofit Organizations. (3 Credits)
This course will provide theoretical and application understanding of the operation of corporations in the nonprofit sector. It is designed to equip students with knowledge and skills of basic methods used to lead and manage such organizations and successfully navigate the political, financial, ethical and social challenges of this sector.

PADM 5302. Public Budgeting & Financial Management. (3 Credits)
This course focuses on the allocation of limited resources to address the problems that governments and other public organizations face. To that end, it will examine public budgeting processes and public financial management approaches. Emphasis is placed on the budget cycle, federal budget practices and procedures, unified budgets, national income accounts, executive and legislative roles in the budget process, Government Accounting, Financial Reporting, Government Auditing, Capital Planning and Budgeting, Capital project Analysis and Asset Management.

PADM 5321. Foundations of Health Care Finance. (3 Credits)
