CRIMINAL JUSTICE, MASTER OF SCIENCE

Introduction
The Department of Criminal Justice at Albany State University offers a 30 semester hours Master of Science degree in Criminal Justice delivered both face-to-face and fully online with concentrations in Law Enforcement, Corrections, Forensic Science and Public Administration. The M.S. degree program is designed to prepare students for professional careers within the criminal justice system and related fields. Theoretical, methodological and philosophical understanding of the criminal justice system is stressed during the matriculation process. As a result, students are well-prepared for careers in criminal justice and related fields. Those seeking advanced graduate education beyond the Master's degree level will be able to compete successfully with graduates from other schools and disciplines.

The philosophy and objectives embraced by the Criminal Justice Department are to educate students in such a way to channel their talents and capabilities toward the enrichment of the Community, state and the nation. Embracing this idea, the Department strives toward the broad-based development of the individual to meet the technological and legal complexities of a modern democratic society.

With only a 30 semester hour requirement for program completion, including Thesis or None Thesis option, students must successfully complete a comprehensive examination in core, statistics/methodology and a chosen area of specialty. The comprehensive examination is administered after the student has completed the core courses and three courses in a chosen area of specialty. A grade of B or better must be maintained for each course and 3.0 grade point average must be maintained in order to remain in the program.

The Corrections and Law Enforcement concentrations are offered fully online.

The Master of Science in Criminal justice program can be completed in one year for seriously committed students as follows:

1. Fall semester: A Term-6 hours; B Term-6 hours; Total for semester = 12 hours
2. Spring semester, A Term-6 hours, B Term-6 hours; Total spring semester= 12 hours
3. Summer semester- 6 hours

Transfer of Credit
Transfer students from other accredited graduate programs may not apply any course work toward the Master of Science degree. Transfer credits may not be used to satisfy the core requirements.

Transient Students
Transient enrollment status is provided to those persons currently enrolled in a graduate degree program at another institution who are interested in enrolling for only one semester in the department. Students must meet the general entrance requirements of the Department and University. Furthermore, these students must have a 3.0 average in all graduate work undertaken at other institutions before they will be accepted in the transient status.

Financial Assistance
Acceptance into the graduate program does not presume that financial assistance will be awarded. Students seeking financial assistance should file their completed applications with the Office of Financial Aid, the Graduate Admissions Office and the Criminal Justice Department.

Criminal Justice Specialty Areas

In addition to core courses, students must complete 9 semester hours in one of the four specialty areas:

1. corrections,
2. forensic sciences,
3. law enforcement and
4. public administration.

Online program offers only corrections and law enforcement specialties. Course work that is six years or older cannot be applied to the Master of Science in Criminal Justice. All course work must be completed with a grade of 'B' or better.

Forensic Science Specialty

The Master of Science in Criminal Justice with a concentration in Forensic Science is designed for students who possess the equivalent of a baccalaureate degree from forensic science, forensic chemistry, chemistry or criminal justice with a minor in forensic science or chemistry. This concentration will also provide the necessary skills to the criminal justice master’s degree students who do not have their baccalaureate degree in forensic science but wish to advance their career in the management of forensic science laboratories as directors and supervisors.

Public Administration Specialty

This concentration represents an interdisciplinary collaboration between the Departments of Criminal Justice and Forensic Science, and Public Administration. It is expected to provide additional career options for students in both programs. A concentration in Public Administration is designed to prepare students in evaluating and managing public agencies. This concentration prepares students with the managerial skills necessary to investigate and effectively manage organizational problems common to criminal justice agencies. This component of the Master of Science degree program includes an understanding of public and personnel administration and evaluation of criminal justice programs.

Corrections Specialty

The correctional emphasis focuses on the philosophical purpose and meaning of corrections to the system and community-based treatment programs. The underlying thrust of this concentration is to impart theoretical and applied knowledge on the organizational, legal and social aspects of contemporary correctional agencies. Specialization in corrections will prepare students for careers as parole officers, corrections supervisors, prison administrators and effective case workers in community-based treatment programs.
