

# MANAGEMENT, BACHELOR OF SCIENCE

The mission of the management program is to enable students to develop analytical skills, reflective thinking, logical reasoning, and a sound understanding of the quantitative techniques and computer applications used in decision-making processes. Career options may include industrial and service management, financial analysis, quality control management, and first level supervision in industry, business and government. Many of our students are interested in entrepreneurship and small business management. Students interested in healthcare management should select the Healthcare Management Track (p. 1) tab.

## Entrance and Exit Exam Requirements

All students in the School of Business are required to take the School of Business Entrance Exam and the Senior Exit Exam as part of their graduation requirements. For more information, please contact the ASU Testing Center (<https://www.asurams.edu/enrollment-management/testing-center/>).

Select 12 credit hours of free electives (grade of C or better required)		12

<b>First-Year and Wellness Course Requirements Outside the Core</b>		
ASU 1101	First Year Experience: Pathways to Success	1
HEDP, WELL	Health & Wellness Requirement <sup>4</sup>	2
<b>Total Semester Hours</b>		<b>123</b>

<sup>1</sup> Business majors are required to complete MATH 1111 College Algebra in Area A and MATH 1113 Pre-Calculus in Area D with a minimum grade of "C".

<sup>2</sup> Take both if ECON 2105 is taken in Area E.

<sup>3</sup> Must earn C or better for all courses in Areas F, G, & H. The minimum GPA for graduation is 2.25. No more than 30 semester hours in traditional Business courses (excluding Economics) can be transferred to Areas F, G, and H.

<sup>4</sup> The health & wellness requirement may be fulfilled by taking one - two (2) credit hour health or wellness course OR two one (1) credit hour health or wellness activity courses.

The Healthcare Administration is an area of concentration in the Management Program. The concentration includes specialty courses in healthcare and business. The Healthcare Administration concentration is structured as a four-year program to provide specialty training for the entering freshman or transfer student. Healthcare graduates experience an employer-based practicum which prepares them for entry level management and supervisory roles in the healthcare industry. Graduates of the program are prepared for careers in hospital and healthcare administration, healthcare marketing, managed care, health insurance, long-term care, and practice management. Additionally, graduates gain skills in general management, financial management, human resources, regulatory compliance, technology/information management, and quality initiatives.
