

SUPPLY CHAIN AND LOGISTICS MANAGEMENT, BACHELOR OF SCIENCE

Consistent with the mission of the School of Business, the mission of the Supply Chain and Logistics Management Discipline is to prepare our students for professional careers in the fast growing sector of Supply Chain and Logistics. In addition to the overall departmental learning goals/objectives, students, upon successful completion of our program, should be able to demonstrate:

- a. Technical competence in the Discipline's functional areas of
 - Transportation Management
 - Warehouse Management
 - Inventory Management
 - Supply Chain Information Systems
 - Supply Chain Systems Optimization
- b. Familiarity with Enterprise Resource Management, Simulation, Optimization and other business software commonly used in Supply Chains.
- c. Develop an Analytical Global view of Supply Chains in favor of the silo thinking that prevails in the sector today.

Entrance and Exit Exam Requirements

All students in the School of Business are required to take the School of Business Entrance Exam and the Senior Exit Exam as part of their graduation requirements. For more information, please contact the ASU Testing Center (<https://www.asurams.edu/enrollment-management/testing-center/>).
