

COLLEGE OF BUSINESS, EDUCATION, AND PROFESSIONAL STUDIES

The College of Professional Studies offers a cadre of programs, designed to prepare students to begin their professional careers. Our students complete a rigorous, yet engaging set of courses, and each major contains a requirement for experiential learning as well.

The College of Professional Studies houses undergraduate programs in the departments linked below. Please click a link to find more information about a specific department. On each department page, the list of degrees, certificates, and minors available in that department can be viewed by selecting the Programs tab, while the list of courses for each department will be found by selecting the Courses tab. You will also find links to all Bachelor's Degrees, Associate Degrees, Certificate, and Minor options offered within the College of Professional Studies.
