

# CAREER SERVICES

---

The Office of Career Services provides services for students that will increase their knowledge, understanding, and skill development in best practices to present themselves professionally to the employment community or other professional settings in achieving their career aspirations.

We are committed to developing on-going relationships with employers and community stakeholders, in the public and private sectors, for-profit and non-profit organizations, to increase the visibility of student potential allowing current students and alumni to realize their career goals in their chosen disciplines.

We also collect data on placements in service learning activities, paid internships, employment and continuing education as well as feedback from the employment community on trends in hiring, performance, and next steps.

## Vision

### CAREER EXPLORATION & PROFESSIONAL DEVELOPMENT VISION

Career Services provides **Relevant, Accurate, Meaningful, Services** and skills for all students and alumni with unlimited resources, a connection to careers, and an employer network that impacts students resulting in success and progression within their career path.

## Mission

### CAREER EXPLORATION & PROFESSIONAL DEVELOPMENT MISSION

To develop, position, and empower students for career opportunities and success through strategic collaboration and alignment with the standard of excellence.
